

RESULTS! RESULTS! RESULTS!

Ideal Image has been a life changing experience for me! I have endured razor burn, rashes, ingrown hairs endless shaving to maintain a normal “bikini zone” and am just thrilled that after 3 treatments I no longer shave... AT ALL!

The friendly and helpful staff makes this outstanding treatment and even better experience!

Don't wait another day... this will change your life!

Ashley

Ideal Image changed my life! I used to hide my chin and neck due to so much hair. I would shy away from photos and people. I had to shave daily. After only one treatment I noticed dramatic results. Family and friends have noticed how much confidence I now have. I don't hide my face anymore. The staff is awesome! They made me feel so comfortable. I tell all about my experience. I plan on working my way down my body. Laser hair removal is so amazing. Anyone who tried it once will love it and continue on. This is the best thing I've ever done for myself. Thank you Ideal Image for all that you do.

Debbie

Ideal Image has really changed my life. I used to pluck and shave my face on a daily basis. It was so embarrassing. It's really hard to feel like a woman when you're shaving your mustache and beard. I've just received my fourth treatment and I can't even begin to describe how great I feel. No more plucking or shaving. I don't even think about it anymore. Ideal Image is Awesome. Their products and services are out of this world. However on top of all that it's the staff that truly makes this experience have that WOW factor. They are all so friendly and knowledgeable. They make me feel comfortable and I can tell that they care about my results as much as I do. I can't say enough. If you're thinking about it- Just do it!

Ideal Image was wonderful! Pretty was so professional and informative. I have been to other laser hair removal offices and Ideal Image is the best by far. The most advanced technology in lasers ensures fewer treatments for a lifetime of hair free skin.

Christine

Before laser hair removal, I used to get really bad razor burn on my bikini area. No amount of shaving cream, special razors, creams, lotions or waxing helped. I felt really self-conscious wearing a bathing suit. Now I don't have to shave at all! No irritation, no bumps, no problems! Ideal Image will pay itself off after 5 years of not shaving/waxing and I've got another 60 years to live!

I came to Ideal Image last year because of my self image of the appearance of my arms. I was treated with personal attention from day one, from consultation to the procedure. I'm at the end of my treatments and have NEVER felt so good about how I look in a short sleeve shirt! I LOVE it!! Pretty called me between appointments to check on me and all the girls up front were great during visits. I would NEVER go back to where I was! I love how I look and the confidence it's given me. Thank you Pretty! Thank you Ideal Image! It's so worth it!!

Melissa

My experience here at Ideal Image has been wonderful! I'm so thrilled to watch the hair disappear- the idea of never having to shave these areas again?? Are you kidding? Who'd have believed it! Now I just have to try NOT to do my entire body... We'll see how long I'll be able to hold out!

Erin

Very nice, clean atmosphere. Prompt with appointments/service. Employees very nice, informative. Laser provider very nice, answers questions and concerns that may be come up with procedure. I am so glad I came to Ideal Image. I have had 5 treatments to my upper lip and underarms and 4 treatments to my bikini area and legs. I was so tired of using bleaches, hair cream removals, and tweezers on my upper lip. I had to use something every week; and then with one treatment I did not have to do anything but shave about 6 weeks after that first treatment. It is so nice to be able to get ready in half the time; no need to do all that shaving. It is especially nice on vacation; I don't want to waste my time shaving.

Mary

I love Ideal Image! The ladies rock. They always make me feel so comfortable and relaxed. They are always welcoming and ready to answer any questions I might have. The facility is so nice and swanky and the worker bees are so nice I feel like it's a special treat to go for my treatments at Ideal Image.

Amanda

I started the procedure in December 2006. I never thought I had a true hair problem, but was uneasy with a few areas. From the first treatment I noticed a difference and from then I have noticed a huge difference. It has been so noticeable that my friends and family members have made comments on how great I look, and asked what I have done. It has been wonderful.

My experience with Ideal Image has been life-changing in more ways than one. I no longer have to avoid the touch of another person for fear they will feel the stubble on my face or the humiliation of being intimate with my partner because of the hair on my stomach. I no longer have to listen to inconsiderate people telling me I need to shave or that I look like a man. I owe my self-esteem to everybody at Ideal Image and there aren't enough words to show my gratitude. I LOVE YOU!!!

Cherie

WOW!

I am thrilled with my results after only two treatments. It has changed my life and raised my self-esteem. The staff is fantastic. You couldn't ask for a friendlier more professional group of people.

THANK YOU FOR CHANGING MY LIFE!

Sarah

Ideal Image has been a great experience. All the staff has been very helpful and make you feel comfortable with each treatment. I would recommend their services to anyone!! I am very pleased with the results.

Laser hair removal has been the best "gift" to myself. I used to battle with plucking everyday. Since I started laser hair removal my time getting ready in the morning has decreased and I am not as self-conscious about facial hair. The staff is great. They always make me feel comfortable, specifically Pretty. She is always concerned and very friendly.

Tonya

Having laser hair removal done is one of the best things I have ever done for myself. And the staff at Ideal Image is always wonderful and accommodating. They really know how to take care of their clients!

Marti

Laser hair removal is the best money I ever spent! Having my bikini area hair free relieves me of the bumps and redness that was always embarrassing. Thanks Ideal Image!

Ideal Image is an amazing experience. It has been life changing for me. 18 months ago, I was very self-conscious about my facial hair. I wouldn't even wear my hair in ponytails. Now, I pull my hair back and walk around with a smile and confidence.

I have been pleased with my experience at Ideal Image. Spending the money has been well worth my time and effort of removing unwanted hair. I have been impressed with professionalism and kindness of the staff. I would highly recommend to anyone.

I never thought there would be an end to the annoying shaving, waxing and plucking of embarrassing hair, but thanks to Ideal Image, those are the things of the past! The staff was so helpful and friendly, and made permanent hair removal possible for me! I highly recommend them!

LASER HAIR REMOVAL

Before coming to Ideal Image I was constantly trying to hide my excess hair. Now, I am more confident and I am much more willing to speak in front of people. The people at Ideal Image are supportive, kind and always helpful. I am so happy with this choice; I absolutely recommend this to anyone contemplating hair removal!

Shaving for me was always such a hassle, razor burn, red bumps, and I had to do it everyday just to stay smooth. But since I've started my treatments I only have to shave like once every 2 weeks; my skin is smooth and there is no razor burn. It's so freeing.

I am so happy I've started laser hair removal at Ideal Image. The results are AWESOME! Great service by great people.

I love Ideal Image laser hair removal. It is fast and very effective. Staff is very professional. I am so glad I decided to get it done.

It's so nice to put on a bathing suit and not worry about what unsightly areas might be showing after my visits to Ideal Image. It has made life easier.

Marty

Ideal Image provides great results and uses a great staff. I'm very glad I choose their services and would recommend them to all of my friends.

Stuart

I've really enjoyed not having to shave my bikini section. In between treatments, maybe two times at first. By my third treatment only once until the next treatment. I do not regret having this treatment. All the consultants are very nice and informative. Very satisfied customer.

Karen

My experience with laser hair removal at Ideal Image has been wonderful. I have always had a problem with dark facial hair on my neck and chin and now I don't. After the first treatment I noticed a significant difference and now am nearly hair free. It has helped make me feel so much more confident about my appearance and more beautiful for my recent wedding. The last thing I wanted to worry about on my wedding day was facial hair. The staff here, especially Pretty, have been wonderful to work with. I can't thank them enough!

LASER HAIR REMOVAL

The results are unbelievable! Treatments are quick and easy. I would recommend it to anyone.

I love how I look and feel since I've been visiting Ideal Image. It is really amazing how much of a difference your body can look after 1 treatment. The staff is also very accommodating and friendly. I feel pampered and valued as a client. Thanks Ideal Image!

All of my friends are jealous of my hairless body and I don't even care! These girls are my new best friends. This has been money WELL SPENT! I told my razor I was sick of him, I'll be ending that bad relationship SOON! Thanks Ideal Image.

Tonya

Pretty and Erin take excellent care of me and always are considerate of my needs whether it be a beverage or just conversation. They make me feel comfortable and welcome.

Amy

Very friendly, great results great atmosphere! Love it!

I like not having hair under the arm. The girls here are great. Thank you 99.7 for telling me about Pretty and her team at Ideal Image.

I absolutely LOVE my laser hair removal. No more red bumps from shaving and no more ripping pain from waxing. Plus I no longer ever have to worry about embarrassing stray hairs. Forever!

You cannot find better customer service then with these girls! And you'll never catch them off guard! Our fast pace life is hard enough to deal with. So it was the best investment and reward for me with the hair removal purchase. I'm very satisfied.

Shaving my bikini and leg areas has always been a short term benefit. Day one of a vacation was all I had because day two I would have a rash. Laser hair removal has been terrific. I can wear a bathing suit without worry. Confidence has replaced shame.

I was surprised on how quickly I got the results I was looking for. So glad I came in!! The ladies are all so friendly and helpful.

Ideal Image has been wonderful! The staff is amazing; friendly, courteous and always willing to answer any questions or concerns. I've only had 3 treatments and already noticing such drastic results! I highly recommend to all friends and family and anyone else that has interest in hair removal.
Great! Great! Great!

Christina

I love being greeted by smiling faces every time I come in for my treatments. It makes me feel comfortable and I look forward to my visits. I know I will be offered a beverage, which is nice in the summertime months. The staff at Ideal Image is my absolute favorite. I would never go anywhere else for laser hair treatments and always recommend my family and friends to try it. This summer I will have a smooth, hair free body.

Christine

I love Ideal Image!!!
So I came in for a free consultation on a *whim* and several short months later I'm a walking advertisement for laser hair removal. Best. Decision. EVER!
Free Consultation: JUST DO IT!
The Staff: *So* AWESOME
The Treatments: Not that bad
The Results: Will Blow your Mind!

I have PCOS: thick dark hair making for a time consuming job of plucking chin hairs and shaving my legs and underarms daily- still leaving a 5 o'clock shadow. I finished my treatments in December and it's made the worst part of my day go away. I don't shave at all anymore and I am giving thought to doing more. This is one of the best investments in ME I've ever made.
